PROFESSIONAL SUMMARY

Aspiring Junior Developer with a solid foundation in software development and a passion for technology, I am presently doing an internship at Honor Technologies Africa, where I gained hands-on experience with ASP.NET Core MVC. My participation in tech competitions like World Skills and Makerthon, combined with my academic background, demonstrates my ability to apply theoretical knowledge to real-world projects and excel in team environments. My diverse experience in sales, customer service, and community management has equipped me with strong communication and interpersonal skills, making me adept at understanding user needs and contributing to user-centric software development. Committed to continuous learning, I am eager to leverage my technical skills and team-oriented approach to contribute effectively as a Junior Developer.

Education

Diploma in Information and Communication Technology GPA (66%)
At Durban University of Technology
